

**Department of Social Welfare and Development**  
Policy Development and Planning Bureau

**First Semester 2013 Report on the  
Implementation of Administrative Order No.  
19, Series of 2011**

## Executive Summary

The Policy Development and Planning Bureau (PDPB) provide this report which helps in addressing related research concerns in the Department in order to adequately address the status of the Implementation of Administrative Order No. 19 series of 2011 or the “Policy Guidelines on the Conduct of Research Studies in DSWD Offices, Centers and Institutions.”

This report focuses on the student research proposals approved by the DSWD Field Offices (FOs) and Central Office (CO) in first semester of 2013.

The report assesses the trend of research proposals that have been approved by the Department, the Core Subject of Research Studies, Studies Conducted at DSWD Offices/Institutions and Centers and the Utilization of the Research Agenda.

Major findings of this report are as follows:

1. Approved research studies are constantly increasing from years 2008 to 2012. For year 2012, 96 researches were approved and 14 were completed. Among the 14 completed researches, seven (7) were under the sectors of Older Persons and Children and Youth Sector. Cross-sectoral, PWDs and Women Sectors attributed two (2) completed researches each, while in Community Sector, only one (1) was completed research. The research report of the 82 approved research proposals are still for finalization.
2. Community Sector has the highest number of research topics approved. Among the community sector, the Pantawid Pamilya Pilipino Program has the highest number of proposed researches. Generally, studies on Pantawid Pamilya deals with the Impact and Effect of the CCT to its beneficiaries and Assessment and Evaluation of the Program Implementation.
3. On the Children and Youth Sector, most of the researches were focused on Children in Conflict with the Law (CICL). Researcher’s interest focused on the Impact/Challenges of Programs and Services for CICL, Rehabilitation Program for CICL, Perception of the CICL in relation to their Family, Peers and Community and Conformity and Social Support Groups of CICL.
4. Thus, the lowest number of research topics was from Family and Persons with Disabilities Sectors.
5. There is a need to continuously advocate, coordinate, strengthen linkages and networks with research partners, (i.e., NGOs, LGUs, Other National Government Agencies and the Academe) to pursue more research topics and further address the current and emerging needs of the sectors with lowest number of pursued topics which is the family and Persons with Disabilities. One possible venue to highlight the need for research is involving the participants from those sectors of the society such as PWDs and support groups. Lastly, the participation of research partners in the Mid-term Assessment of the DSWD 5 -Year Research Agenda shall be encouraged.
6. To fully utilize this document, it shall be shared to the field offices, research institutions and schools, NGOs and NGAs to address the current and emerging needs and concerns of the poor, vulnerable and disadvantaged sectors of our society.

# FIRST SEMESTER 2013 REPORT ON THE IMPLEMENTATION OF ADMINISTRATIVE ORDER NO. 19, SERIES OF 2011

## I. BACKGROUND

Administrative Order (A.O) No. 19 or the “Policy Guidelines on the Conduct of Research Studies in DSWD Offices, Centers and Institutions” was issued on September 14, 2011 amending A.O No. 10 series of 2006 and A.O No. 4 series of 2007. Otherwise known as the DSWD Research Protocol, the guideline aims:

1. To provide maximum opportunities for learning without compromising any of the Department’s staff, clients and beneficiaries.
2. To guide researchers in undertaking research study concerned with the Department, and serve as guide for the Department’s personnel in accommodating researchers.
3. To define the role of the Central Office and Field Offices in processing research proposals/ request.

The issuance of the Research Protocol of the Department is with reference to Executive Order (EO) No. 221 series of 2003 which mandated the Department to provide assistance to Local Government Units (LGUs), Non-Government Organizations (NGOs), other Non-Government Agencies (NGAs), Peoples Organizations (POs) and members of civil society in effectively implementing programs, projects and services through consultative services and quality assurance measures.

It is also in line with EO No. 15 series of 1998 also known as “Redirecting Functions and Operations of the Department of Social Welfare and Development (DSWD)” which mandates the Department to undertake researches and studies and adopt policies to ensure the effective implementation of public and private social welfare and development programs.

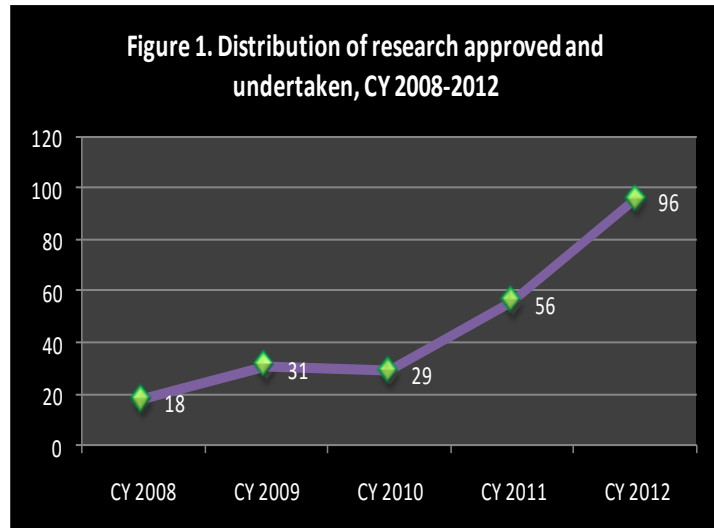

Further, the DSWD Research Protocol is supportive of Department Order No. 20 Series of 1998 also known as the “Guidelines in the Implementation of the Student Training Program” which allows DSWD to provide undergraduate and graduate students with learning opportunities through field study or research to improve the agency’s policies and programs.

## II. STATUS OF IMPLEMENTATION

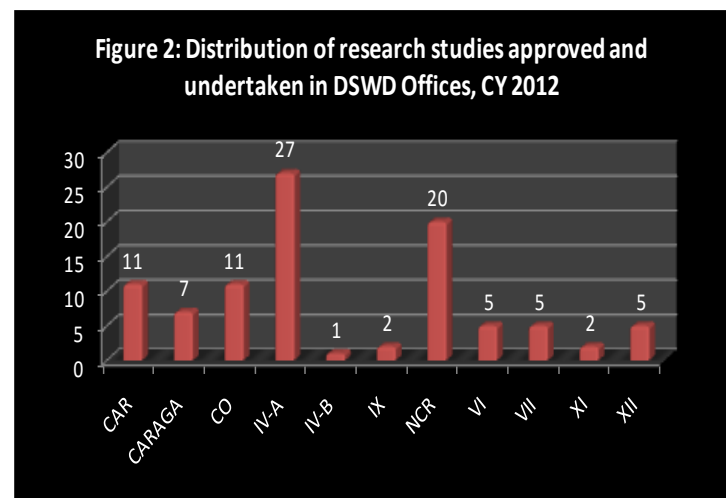

Highest number of research approved were observed during CY 2012. This was relatively higher compared to the previous year. Increasing number of research approved can be attributed to the growing capacity of research focal persons at Central Office and Field Offices for thorough review and technical assistance to researchers to comply with the requirements of the Research Protocol. Also, A.O 19 the amended research protocol in 2011 defines the role of the CO and FOs in processing research proposals/request for faster delivery of services.

### A. Approved Research Studies

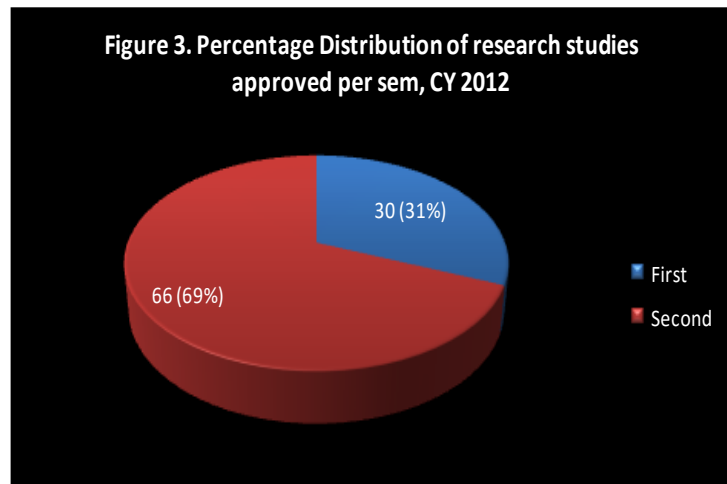

Figure 1 shows the distribution of the research approved by the DSWD from 2008 to 2012. It was observed that the number of conducted researches in DSWD was increasing, except in the year of 2010. Compared to year 2011, the research approved grew by 71.43 percent in year 2012.

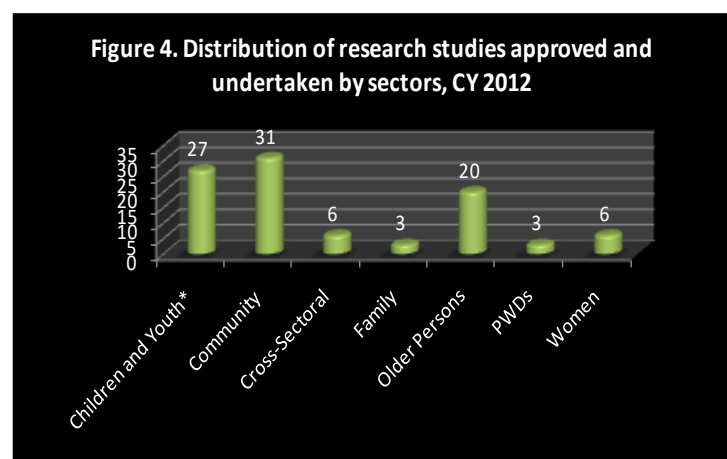

**A.1 Research Studies Approved by Region.** Based from the distribution of research studies approved and undertaken in DSWD Field Offices in Figure 2, the highest number of approved research studies were from FO IV-A with 27 researches approved. This was followed by FO NCR with 20 approved research studies. Meanwhile, FO CAR and CO has the same number of research approved posted by 11 researches each. FOs IV-B, IX and XI has the lowest number of research studies approved.

**A.2 Research Studies Approved by semester.** Figure 3 shows the percentage distribution of research studies approved by semester. Highest number of approved researches was observed during the last semester of 2012 with 66 or 69 percent approved researches. In the first semester, about 30 or 31 percent were approved researches.

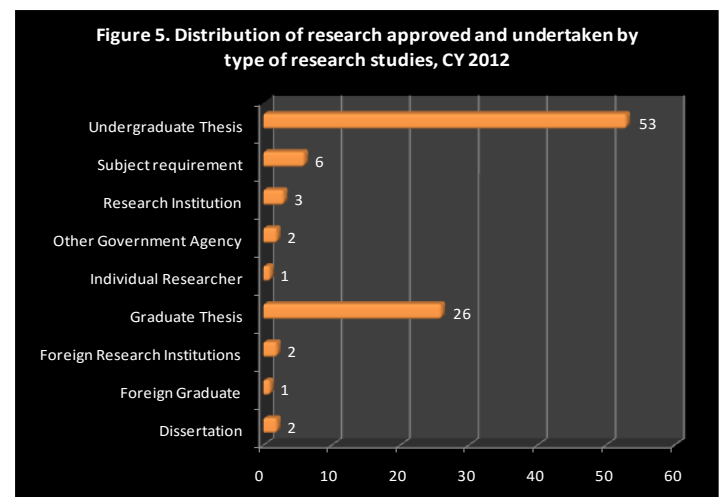

**A.2 Research Studies Approved by Sector.** In the distribution of research studies approved and undertaken by sectors (Figure 4), the community sector registered the most subject of interest by the researchers with 31 approved researches, followed by 27 researches approved on the Children and Youth Sector. About 20 of approved researches were mainly focused on Older Persons and lowest research topics were from sectors of Persons with Disabilities and Family.

**A.3 Research Studies Approved by Type of Research Studies.**

Figure 5 shows the distribution of research approved and undertaken by type of research studies. Consistently, the academe contributed numerous researches to the Department. Of the 88 studies conducted by the academe, highest number or 53 of approved studies were conducted by Undergraduate students and 26 were conducted by Graduate students. Only two (2) studies were conducted by PhD student.

There were also researches from Other Government Agency (*e.g NEDA and DOH*), Foreign Research Institution (*e.g. Cambridge and South Korea*) and Local Research Institutions.

## B. Core Subject of Approved Research Studies, by Sector

This portion presents the approved research studies categorized by Children and Youth Sector, Family Sector, Older Persons Sector, Person with Disabilities Sector, Cross-Sectoral and Community Sector. During the period, Community Sector has the highest number of pursued topic by the researchers which accounted by 31 researches. Likewise, Children and Youth Sector has also higher number of researches. The Pantawid Pamilyang Pilipino Program remains the most pursued topic by researchers.

### B.1 Children and Youth Sector

Table 1a shows core subject of approved research studies under children and youth sector. Highest number of approved research proposal pertains to Children in Conflict with Law (CICL). This was attributed by eight (8) research proposals. Usual studies in CICL were the Rehabilitation Program for CICL, Moral Recovery Program on the Social Behavior for CICL, Perception of the CICL in relation to their Family, Peers and Community, Conformity and Social Support Groups of CICL, Handling CICL, Impact/Challenges of Program for CICL and Assessment of Intervention program for CICL. Other topics that researchers interest with were on the core subject of Sexual Abuse and Development of Design and Enhancement of Center. Said research topics were approved and common in the FOs CAR, NCR, IV-A and XI.

Table 1a. Core subject of approved research studies, children and youth sector, CY 2012

Sector	Field Offices	Core Subject	No. of Studies
Children and Youth	CO	Children programs as compare to other countries	1
	CARAGA	Sexual Abuse	3
	CARAGA	Effectiveness of the Center-based rehabilitation	1
	CAR	Violence Against Children	1
	CAR	Rehabilitation Program for CICL	1
	CAR	Psycho/Socio/Spiritual Impact of Abused	1
	CAR	Psycho/Socio/Spiritual Impact of Adoptees	1
	NCR	Health Promotion and Illness Prevention	1
	NCR	Moral Recovery Program on the Social Behavior for CICL	1
	NCR	Perception of the CICL in relation to their Family, Peers and Community	1
	NCR	Conformity and Social Support Groups of CICL and Non-CICL	1
	NCR	Handling CICL	1
	NCR	Impact/Challenges of Program for CICL	1
	NCR	Non Verbal Action of Abused Children	1
	NCR	Center Enhancement/Develop Design	3
	NCR	Sexual Abuse	1
	IV-A	Rehabilitation Program for CICL	1
	IV-A	Incest Survivors	1
	IV-A	Non Verbal Action of Abused Children	1
	IV-A	Enhancement of Program	1
IV-A	Self Esteem/Self-Concept/Emotional Maturity of Abused Female	1	
VII	Psycho/Socio/Spiritual Impact Abused	1	
XI	Assessment of Intervention program for CICL	1	
XII	Child Trafficking	1	
Total			28

### B.2 Family Sector

Table 1b shows core subject of approved research under family sector. Only two (2) topics were fall in family sector that relates to Family Violence and Parenting Styles.

Table 1b. Core subject of approved research studies, family sector, CY 2012

Sector	Field Offices	Core Subject	No. of Studies
Family	CAR	Family Violence (Child Abuse and Battered Spouses)	1
	VI	Parenting Styles	1
Total			2

### B.3 Older Person Sector

There were 20 studies that fall under the sector of Older Persons. Highest number of research topics refers to Health Promotion and Illness Prevention of Senior Citizens and about three (3) research topics were talks about Lives of Elderly and two (2) interested to study about the Quality of Care provided to Senior Citizens. Also, all research topics were approved by the FO IV-A.

Table 1c. Core subject of approved research studies, older persons sector, CY2012

Sector	Field Offices	Core Subject	No. of Studies
Older Persons	IV-A	Lives of Elderly	1
	IV-A	Health Promotion and Illness Prevention	9
	IV-A	Quality of Care (Level of Satisfaction)	2
	IV-A	Bringing elderly to centers (Reasons and Factors)	1
	IV-A	Adjustments of elderly in centers	1
	IV-A	Lives of Elderly	3
	IV-A	Psychosocial Impact of Abandonment and Coping Strategies	1
	IV-A	Center Enhancement/Develop Design	1
	IV-A	Spirituality and Spiritual Care for Elderly	1
Total			20

### B.4 Person with Disabilities (PWDs) Sector

Three (3) topics fall under the sector of Persons with Disabilities (PWDs). These topics highlighted the core subject of Home Schooling Program, Special Education Transition Program and Livelihood Training Programs for PWDs.

Table 1d. Core subject of approved research studies, persons with disabilities sector, CY2012

Sector	Field Offices	Core Subject	No. of Studies
Persons with Disabilities	CO	Home Schooling Program	1
	NCR	Special Education Transition Program	1
	VII	Livelihood Training Programs for Person with Disabilities	1
Total			3

### B.5 Women Sector

Table 1e shows the core subject of approved research studies under women sector. There were six (6) research approved under the women sectors. Generally, topics were concerning to Influence of Social Welfare Program to Single Mothers, Depression and Suicide Risk for those Experiencing Domestic Violence, Help Seeking Behavior of Battered Women, Center Enhancement/Develop Design, Coping Indicators of Abused Women and Client Satisfaction to the Capability Building.

Table 1e. Core subject of approved research studies, women sector, CY2012

Sector	Field Offices	Core Subject	No. of Studies
Women	NCR	Influence of Social Welfare Program to single mothers	1
	NCR	Depression and Suicide Risk Experiencing Domestic Violence	1
	VI	Help seeking behavior of battered women	1
	VI	Center Enhancement/Develop Design	1
	IV-A	Coping indicators of abused women	1
	XII	Client Satisfaction to the Capability Building	1
Total			6

## B.6 Cross-Sectoral

There were also six (6) studies that fall under cross- sectoral, these were topics that refer to Accountability/Social Economic of the DSWD Employees, Interventions Programs Available in LGUs that response to the needs of clientele, Impact of Training Programs to the employees of DSWD, Center Enhancement/Develop Design and Competencies and Training Needs Analysis of Houseparent's.

Table 1f. Core subject of approved research studies, cross-sectoral, CY 2012

Sector	Field Offices	Core Subject	No. of Studies
Cross-Sectoral	CARAGA	Interventions Programs Available in LGUs	1
	NCR	Impact of Training Programs	1
	NCR	Center Enhancement/Develop Design	1
	NCR	Competencies and Training Needs Analysis of Houseparents	1
	NCR	Accountability/ Social Economic of the DSWD employees	1
	XII	Accountability/ Social Economic of the DSWD employees	1
Total			6

## B.6 Community Sector

Among the all sectors, the community sectors reported with the highest number of research topics. As stated in previous section, Pantawid Pamilyang Pilipino Program has the highest number of researches which accounted by 21 research topics. About four (4) researches were referring to Impact/Effect of the Pantawid Pamilya to its beneficiaries. There were also researches intend to Evaluate the Program Implementation, Assess the Implementation and Improving the Delivery of Cash Grant/Design to Indigenous Peoples. There were also topics in Pantawid Pamilya that comparing the implementation to other countries with Conditional Cash Transfer Program.

Table 1g. Core subject of approved research studies, community sector, CY 2012

Sector	Field Offices	Core Subject	No. of Studies
Community	CO	Pantawid Pamilyang Pilipino Program (Comparison with Other Countries)	2
	CO	Pantawid Pamilyang Pilipino Program (Social Network Analysis)	1
	CO	Pantawid Pamilyang Pilipino Program (Delivering cash grant/Design to IPs)	2
	CO	Pantawid Pamilyang Pilipino Program (Perception of Beneficiaries)	1
	CO	Pantawid Pamilyang Pilipino Program (Stakeholders' Theories-in-Use)	1
	CO	Pantawid Pamilyang Pilipino Program (Varities of the implementation)	1
	CO	Pantawid Pamilyang Pilipino Program (Impact/Effect of the program)	1
	CARAGA	Pantawid Pamilyang Pilipino Program (Impact/Effect of the program)	1
	CARAGA	Pantawid Pamilyang Pilipino Program (Assessment of Conditionalities)	1
	CAR	Pantawid Pamilyang Pilipino Program (Perception of Beneficiaries)	1
	CAR	Self Employment Assistance-Kaunlaran	1
	CAR	KALAHI-CIDSS	1
	CAR	Pantawid Pamilyang Pilipino Program (Evaluation of the implementation)	2
	CAR	Core Shelter Assistance Program	1
	NCR	Pantawid Pamilyang Pilipino Program (Evaluation of the implementation)	1
	NCR	Pantawid Pamilyang Pilipino Program (Level of Satisfaction)	1
	VI	Pantawid Pamilyang Pilipino Program (Health Indicators)	1
	VI	Pantawid Pamilyang Pilipino Program (Assessment of Conditionalities)	1
	IV-A	Relief goods allocation	1
	IV-B	Pantawid Pamilyang Pilipino Program (Perception of Beneficiaries)	1
	IX	Pantawid Pamilyang Pilipino Program (Impact/Effect of the program)	2
VII	Pantawid Pamilyang Pilipino Program (Impact/Effect of the program)	2	
VII	Pantawid Pamilyang Pilipino Program (Assessment of Conditionalities)	1	
XI	Pantawid pamilyang Pilipino Program ( Assessment of Implementation)	1	
XII	Pantawid Pamilyang Pilipino Program (Engagement and Experiences of Mothers)	1	
XII	Self Employment Assistance-Kaunlaran	1	
Total			31

The primary criteria PDPB/FOs for the approval of the research studies are the significance of the research proposal to the topics in the DSWD 5 year Research Agenda and the compliance of proponents to initial research requirements.

### C. Studies Conducted

Out of the 96 research proposals, six (6) studies were not conducted. It was observed that the reasons for studies not pursued by the proponents were disinterest to conduct the data gathering due to the time constraints in view to the submission of the of the final thesis report to their respective schools.

### D. Studies Conducted at Specific Offices, Centers, and Institutions

Table 2 shows the distribution of approved studies conducted at specific offices or centers and institutions in the regions.

The Pantawid Pamilya Beneficiaries were the most subject areas of studied by the researchers from the different FOs of DSWD. Of the DSWD offices, centers and institutions, 20 researchers selected Golden Acres in FO IV-A as their area for the study. Usual research topics undertaken in Golden Acres were focused on the Health Promotion and Illness Prevention, Lives of Elderly and Level of Satisfaction of Elderly for the Quality of Care Provided to them (see Annex Table 7). There were also five (5) researchers chosen Marillac Hills in NCR as their research area.

Throughout the conduct of the data gathering of the approved and pursued research by the proponents, the PDPB did not receive any report from FOs for proponents violating the Research Protocol Guidelines.

Furthermore, reasons for the returned research proposals to its proponents are either due to the failure of proponents to comply with the research protocol requirements and the need for the enhancement of proposals/ initial thesis manuscripts, data-gathering instruments and other relevant documents based on comments of PDPB or the FOs.

Table 2. Distribution of approved studies conducted at specific offices or centers and institutions, CY 2012

Field Offices	Place of Study	No. of Studies

## E. Studies Completed

Of the 36 completed researches for CY 2009 to 2012, highest number completed researches were observed during CY 2011. This was attributed to 15 completed researches. For year 2012, 14 completed researches were submitted to DSWD.

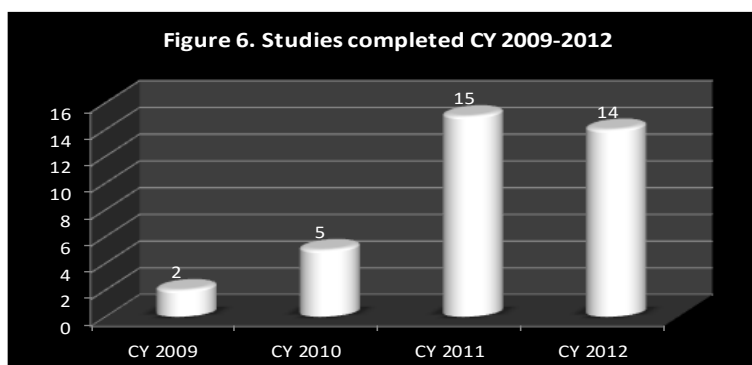

Table 3 shows the 14 approved researches that have been completed and have submitted their final manuscript for CY 2012. Seven (7) of the 14 completed researches were under the sectors of Older Persons and Children and Youth Sector. Cross-sectoral, PWDs and Women Sectors attributed two (2) completed researches each, while in Community Sector, only one (1) was completed research. In Children and Youth Sector, topics were focused on Health Promotion of Children in RSCC, Perception of CICL in relation to their Family, Peers and Community and Analysis of Non-Verbal Actions of Abused Children. In Older Persons, topics were concentrated on Assessment of Visual and Ocular Conditions of Older Persons in Golden Acres, Level of Satisfaction of Older Persons in Quality of Nurse Care Provided and Factors Why Some People Bring their Parents to Home for the Aged.

Table 3. Studies completed for CY 2009 to 2012

NO.	TITLES OF RESEARCHES/STUDIES	Sector	Year of Completion
1	Air Revitalisor and its effect on the occurrence of Acute Upper Respiratory Infection among children ages 2 to 6 in RSCC	Children and Youth	2012
2	Experiences of a Young Adult With Special Need from School-Based to Work-Based Setting Towards Community Integration: A Case Study	PWDs	2012
3	The Training Needs Analysis of the Houseparent's of a Youth Residential Facility	Cross-Sectoral	2012
4	The Self-perception of Selected Female Juvenile delinquents in Metro Manila in relation to their Family, Peers and Community	Children and Youth	2012
5	The Influence of the Welfare Programs and Social Support to the Emotional Stability and Maternal Adjustment of Single Mothers	Women	2012
6	The Accountability of the Department of Social Welfare and Development-NCR Office in Attaining Daang Matuwid, 2012	Cross-Sectoral	2012
7	Assessment of the Visual and Ocular conditions among residents of Golden Acres	Older Persons	2012
8	The Level of Satisfaction of Geriatrics Patients in Golden Acres, Tanay, Rizal: Towards Quality Nursing Care	Older Persons	2012
9	Underlying Factors why Some People bring their Aging Parents to the Home for the Aged.	Older Persons	2012
10	Abused Youth Responses to Non Verbal Actions An Expectancy Violations Perspective	Children and Youth	2012
11	Home Sweet Home	Older Persons	2012
12	Evaluation of Pantawid Pamilyang Pilipino Program and its Implementation	Community	2012
13	The Influence of the Welfare Programs and Social Support to the Emotional Stability and Maternal Adjustment of Single Mothers	Women	2012
14	Cost-Benefit Analysis of Livelihood Training Program (LTP) for Persons with Disabilities (PWDs) in Mandaue City	PWDs	2012

## F. Utilization of the Research Agenda for CY 2011

Forty-nine (49) approved research studies were identified as relevant to DSWD 5-Year Research Agenda. Study on Pantawid Pamilya Pilipino Program remains the highest pursued and interested topics by the students. Children in Conflict with the Law (CICL) also one of the topics that researchers are interest with due to the emerging issues and alarming problems with Children at risks.

**Research Area 1: Leadership in Social Protection Sector.** In CY 2012, 13 research topics were identified under the research area 1 of DSWD Research Agenda. Of these 13 research topics, 11 were under Children and Youth Sectors, one (1) for Older Persons and one (1) under Cross-Sectoral. From the topics in Children and Youth Sectors, four (4) were high priority research that are related topic in the “Assessment of the Juvenile Justice and Welfare Act of 2006 or RA 9344” and one (1) topics that are related to “Cases of Trafficking in Unborn Babies” and “Factors Contributing to the Prevalence of Street Children. On the low priority research area of Children and Youth Sectors, five (5) research topics were related to “Mapping, Profiling and Assessment of Children in Need of Social Protection”. Under Cross-Sectoral and Older Persons, one (1) topic was associated to “Evaluating the Impact of Capability Building Efforts to LGUs on SWD Implementation” and “Fears, Challenges and Dreams of the Elderly”.

Table 4. Utilization of the research agenda for CY 2012

No.	Research Area	Level of Priority/Sector	Topic in the Research Agenda	Title of the Research Study Conducted
1	Leadership in Social Protection	High/Children and Youth	Assessment of the Juvenile Justice and Welfare Act of 2006 or RA 9344	The Moral Recovery Program on the Social Behavior Between Children in Conflict with the Law and Sexually Exploited.
2		High/Children and Youth	Assessment of the Juvenile Justice and Welfare Act of 2006 or RA 9344	The Self Perception of Selected Female Juvenile Delinquents in Metro Manila in relation to their Family, Peers and Community
3		High/Children and Youth	Assessment of the Juvenile Justice and Welfare Act of 2006 or RA 9344	Rehabilitation Program for the Children in Conflict with Law
4		High/Children and Youth	Assessment of the Juvenile Justice and Welfare Act of 2006 or RA 9344	Behind the Structured Walls: A study on impacts and challenges of the National Government Services and Programs in the Rehabilitation of Girls in Conflict with the Law in the Philippines
5		High/Children and Youth	Cases of Trafficking in Unborn Babies	Child Trafficking in Cotabato Province: Victims' Profile and Degree of Occurrence
6		High/Children and Youth	Factors Contributing to the Prevalence of Street Children/Street Gangs	Street Children's Learning and Wellness Complex
7		High/Cross-Sectoral	Evaluating the Impact of DSWD Capability Building Efforts to LGU on SWD Implementation	The Productivity Skills Capability Building Graduates of Koronadal City, South Cotabato Province: A Tracer
8		High/Older Persons	Fears, Challenges and Dreams of the Elderly: Basis for Policies and Programs	Reminiscence, Present Experiences and Thoughts about Death Among Selected Elderly
9		Low/Children and Youth	Mapping, Profiling and Assessment of Children in Need of Social Protection	Level of Anxiety of Sexually abused Children in Butuan City Before and After Group Therapy: A Comparative Study
10		Low/Children and Youth	Mapping, Profiling and Assessment of Children in Need of Social Protection	Demographic Profile and Level of Anxiety of Sexual Abused Children in Butuan City
11		Low/Children and Youth	Mapping, Profiling and Assessment of Children in Need of Social Protection	Psycho-Socio-Spiritual Impact and Coping Mechanisms of Physically Abused Victims
12		Low/Children and Youth	Mapping, Profiling and Assessment of Children in Need of Social Protection	Abused Children Responses to Nonverbal Action: An Expectancy Violations Perspective
13		Low/Children and Youth	Mapping, Profiling and Assessment of Children in Need of Social Protection	Self Esteem, Self-Concept and Emotional Maturity of Abused Female Children in Bahay Tuluyan ng mga Bata in Dasmariñas City, Cavite

**Research Area 2: Faster and Better Social Protection Programs.** Of the 49 research topics that relevant to Research Agenda, majority of 34 topics were identified under the research 2. Twenty-nine (29) researches were high priority research topics under Community Sectors, two (2) from Person with Disabilities (PWDs), two (2) from Children and Youth Sectors and one (1) under Cross-Sectoral.

Most pursued topics were “Evaluation of Pantawid Pamilyang Pilipino Programs” with 26 related topics to Research Agenda. In PWDs sectors related topics were Alternative Special Education for PWDs accounted of two (2) research topics.

Table 4. Utilization of the research agenda for CY 2012 *(Continued)*

No.	Research Area	Level of Priority/Sector	Topic in the Research Agenda	Title of the Research Study Conducted
1	Faster and Better Social Protection Programs	High/Persons with Disabilities	Alternative Special Education (SPED) for PWDs	Transition from School Based to Work Based Setting Towards Community Integration: A Case Study
2		High/Persons with Disabilities	Alternative Special Education (SPED) for PWDs	Home Schooling Program Towards Access to Life Skills Education of individuals with Moderate Developmental Disabilities
3		High/Community	Evaluation of the Pantawid Pamilyang Pilipino Program (4Ps)	South-South Policy Collaboration and Development: Conditional Cash Transfer Systems in Brazil
4		High/Community	Evaluation of the Pantawid Pamilyang Pilipino Program (4Ps)	Exploring the Organizing Mechanism in 4Ps (From Human Capital to Social Capital)
5		High/Community	Evaluation of the Pantawid Pamilyang Pilipino Program (4Ps)	The Politics of Social Protection in the Philippines: Focusing on the 4Ps
6		High/Community	Evaluation of the Pantawid Pamilyang Pilipino Program (4Ps)	Design of Conditional Cash Transfer Program for the Indigenous Peoples in the Philippines
7		High/Community	Evaluation of the Pantawid Pamilyang Pilipino Program (4Ps)	Evaluating the Effect of Pantawid Pamilya Program to the Beneficiaries of CARAGA
8		High/Community	Evaluation of the Pantawid Pamilyang Pilipino Program (4Ps)	Conditional Cash Transfer
9		High/Community	Evaluation of the Pantawid Pamilyang Pilipino Program (4Ps)	Effects of Pantawid Pamilyang Pilipino Program (4Ps) on Selected Childhood Health Indicators
10		High/Community	Evaluation of the Pantawid Pamilyang Pilipino Program (4Ps)	Initial Assessment of 4Ps (Pantawid Pamilyang Pilipino Program) in Sinundolan, San Remegio, Antique in terms of Health, Education and Family Development Planning
11		High/Community	Evaluation of the Pantawid Pamilyang Pilipino Program (4Ps)	Pantawid Pamilya: Impact on Household Economics and Living Conditions of Family Beneficiaries in Selected Municipalities in Zamboanga del Norte
12		High/Community	Evaluation of the Pantawid Pamilyang Pilipino Program (4Ps)	The Philippines Pantawid Pamilyang Pilipino Program (4Ps): Examining Gaps, Enhancing Strategies

**Research Area 4: Improved Service Delivery Systems and Capacities.** Only one (1) topic was related to research area 4 of Research Agenda, this topic were focused on the Core Shelter Assistance Program (CSAP) in CAR.

Table 4. Utilization of the research agenda for CY 2012 (Continued)

No.	Research Area	Level of Priority/Sector	Topic in the Research Agenda	Title of the Research Study Conducted
1	Improved Service Delivery Systems & Capacities	Medium/Cross-Sectoral	Effectiveness of DSWD's Core Shelter Assistance Program (CSAP)	The Core Shelter Assistance Program as Seen from the Experiences of the Beneficiaries in the CAR: An Ethnographic Review

The PDPB continuously promotes the utilization of the DSWD 5-Year Research Agenda. The following are the strategies to advocate the DSWD Research Agenda for CY 2010-2014:

1. Administrative Order No. 9 Series of 2011 "Guidelines in the Provision of Research Grant for the Implementation of the DSWD Five (5) Year (2010-2014) Research Agenda
2. Conduct of regional consultation dialogue nationwide
3. Including the A.O No. 9 and A.O 19 in DSWD Journal.
4. Conduct research forum to Public and Private University
5. Dissemination of the DSWD Research Agenda to universities and colleges nationwide research institutions and development partners.

### III. Issues/Concerns and Recommended Actions for CY 2012

Table 5 shows the issues and concerns encountered during the implementation of the Research Protocol of the Department for CY 2012 and corresponding recommended action.

Table 5. Issues and Concern in the Implementation of Research Protocol for CY 2012

Issues and Concern	Recommended Action
Some of the FOs are not familiar with the research protocol of the Department	Produce a Research and Development Manual by 2013
Some of the FOs are still submitting the student researches to C.O for Secretary's approval given the new policy that Regional Directors can already approve the research request at their level	Technical assistance to DSWD Research focal persons on the implementation of new Research protocol and other research guidelines.
Low Utilization of Research Output	Presentation of findings to stakeholders and management
Most of the student researchers have limited time scopes allotted for facilitation of their requests	Advocacy on other Research areas can be undertaken by the Regional Office to reiterate process flow including time frames
Low turn-over of completed researches	Continue/constant reminder to student-researchers to submit their completed papers

#### **IV. Next Step**

The following are the steps in order to maximize the utilization of Research Agenda and Administrative Order No. 19 series of 2011:

1. Development of Research and Development Manual as integrated guide of research proponents and implementors on DSWD Research Protocols.
2. Conduct of Mid-term Assessment of DSWD 5-Year Research Agenda.
3. Follow up FOs and Students on the submission of terminal reports on thesis manuscript for completed studies.
4. Provide OBSUs copies of completed research for their utilization.
5. Strengthen linkages and networking with research institutions and academe for them to be aware of the status of student compliance to research agreement protocols with the department.
6. Share this report to the academe, NGOs, NGAs as reference in their conduct of research and program development.

## V. Annexes

**Table 1. Percentage distribution of research studies approved and undertaken in DSWD Offices, CY 2012**

Field Office	Frequency	Percent
CAR	11	11.5
CARAGA	7	7.3
